- **Animal Bite (2)** - Marvin Creek
- **Harassment (2)** - Marvin Ridge Middle

REMINDER:

I just wanted to remind everyone of some crime prevention tips that will help keep crime in Marvin to a minimum. Remember, criminals take the path of least resistance. They look for low risk and high reward.

1. Do not leave anything of value in your vehicles even if they are locked. If it's worth taking, criminals will break a window or punch the lock. Most of our car Breaking and Entering's have been to unlocked vehicles with valuables inside.
2. If you have an alarm systems, please use them, and if you don't have one consider getting one installed. Criminals are opportunists and may check many residences until they find one without an alarm, or one that is not being used. If you have an outside electric panel put a lock on it. We have had a couple cases where perpetrators have shut off the power to bypass the alarm.
3. If you are not outside, please keep your garage doors closed. We had one case where a resident went into the garage, and interrupted someone going through their car. Thankfully, the person ran off, but this could have had a tragic outcome.
4. When replacing or buying new electronics or appliances cut up the cardboard containers, and discard them in the recycle bin. Just like you shopped to purchase these items, criminals shop on trash day looking for packaging sitting right out in the open.
